Education

Bachelor of Technology in Computer Science and Engineering

Indira Gandhi Delhi Technical University for Women

Aug 2024 – May 2027

CGPA: 7.68

Diploma in Computer Engineering

Jamia Millia Islamia

Aug 2021 – May 2024

85%

Secondary Education

Dini International School

Mar 2020 – Apr 2021

79%

Skills

Programming Languages: Python, Java, C++, C

Web Technologies: HTML, CSS, Bootstrap, JavaScript, SQL, PHP

CS Fundamentals: Data Structures and Algorithms, DBMS, OS, OOPS

Soft Skills: Effective Communication, Team Collaboration, Problem-Solving

Technical Experience

Generative AI and Prompt Engineering Intern — IGDTUW

June 2025 – July 2025

- Engineered an AI powered Resume Builder using Streamlit and Gemini API to generate ATS optimized resumes based on user input, handling backend logic, prompt engineering, API integration, and fallback mechanisms.
- Enhanced application capabilities by integrating customizable templates, font and color controls, live preview, LinkedIn/GitHub imports, and PDF/TXT export functionality using FPDF.

SWE Intern — Indraprastha Institute of Information Sciences

June 2024 – July 2024

- Designed and structured a Library Management System to efficiently manage book inventories, user records, and issue-return workflows.
- Optimized backend logic and database operations to improve data consistency, storage efficiency, and retrieval performance.

Web Developer Intern — JMI/FTK-CIT

June 2023 – July 2023

- Crafted responsive frontend interfaces using HTML, CSS, and Bootstrap while ensuring cross-browser compatibility.
- Improved user experience by building dropdown menus and mobile-friendly layouts optimized for multiple devices.

Projects

Online Recruitment Management System | HTML, CSS, JavaScript, PHP

Jan 2024 – Apr 2024

- Designed a database-driven recruitment management system supporting candidate data management, job postings, and role-based administrative access.
- Streamlined application tracking and vacancy management while maintaining database integrity and improving full-stack development expertise.

Aadhaar Data Verification System | HTML, CSS, JavaScript, PHP, MySQL

Jan 2026 – Mar 2026

- Developed a secure Aadhaar verification portal enabling users to validate identity through an OTP-based authentication workflow.
- Implemented responsive UI and backend functionality to process Aadhaar details, manage verification logs, and display verification status.

Certifications

Fundamentals of Java Full Stack Course

- Trained in Core Java, JDBC, Servlets, JSP, MySQL, HTML, CSS, and Bootstrap for full-stack development.

Foundation Course on Generative AI

- Learned Generative AI fundamentals, prompt engineering, AI ethics, and enterprise applications using Microsoft technologies.
